## **Dataprep teams up with ST Electronics**

**July 7 2005**

CONSULTING and technology services company Dataprep Holdings Bhd has teamed up with ST Electronics (Info-Comm Systems) Pte Ltd to tap opportunities in the info-communications market.

In a statement released in Kuala Lumpur yesterday, the company said the partnership with the wholly-owned subsidiary of Singapore Technologies Electronics Ltd will allow both parties to leverage on each other's strengths.

“The tie-up will enable Dataprep and ST Electronics to offer a broader range of solutions and services to the booming industry in Malaysia and the region,” said Dataprep chief executive officer Chew Liong Kim. He said ST Electronics has extensive experience and skills as a leading solution house in the Asia-Pacific region for info-communications and intelligent transportation businesses.

A pioneer in the Malaysian ICT industry, Dataprep group serves a wide range of customers from the government sector, particularly the justice, education and health departments.

Its customers in the private sector include telecommunication companies and financial institutions.
